

1st year rep manifesto

Irina Gubaciova

And here I am on the verge of inevitable running for a 1st year ambassador in a glorious fellowship known as CompSoc.

As described in my not yet signed contract, I will have two main duties – communication and involvement. And in fact, who has better and wider connection with all the “Inf1 cohort” than their class rep??? Only double rep. I will thus ensure that the voice of my year is heard and that each one of them has the best knowledge of future events.

However, my intentions are to go a bit beyond the expected responsibilities. Apart from just being involved in event organization, my aim is to get other non-committee members involved as well by conducting small questionnaires about past and expected future events, which will (hopefully) help to improve the quality of the latter ones.

If you`ve made it until here, you are a real hero. I shall now leave you to your own thoughts and contemplations. See you soon, and never forget about the answer to the Ultimate Question of Life, the Universe, and Everything.
